SPLENDID LIBERTY-LOAN ORGANIZATION IN MO.

Counties All Over State Surprised at Small of Quota and Promise It Will Be Subscribed Shortly.

German efficiency itself has been outdone in the thorough organization of Missouri for the selling of the state's quota of the Third Liberty Loan.

The finishing touches of a system that is expected to far oversubscribe the state's quota of \$60,600,850 were added on Tuesday when the school districts of the county were organized, loaded and primed for the big drive.

State Chairman J. G. Hughes had the various county chairmen send Liberty Loan workers into every school district in which rural school elections were being held. The workers addressed the district leaders and arranged for these leaders to appoint Liberty Loan committees in each school district.

These school district committees include "men of the soil," the farmers and business men in the respective school districts. In this way the meaning of the loan and the need of its success will be brought to the man in the furrow, the purchaser at the country store, the congregations on Sunday and to the travelers along the roads.

The immeasurable superiority of the general organization throughout the state for the success of the present loan over that for the second loan is everywhere apparent and is being daily evidenced at the headquarters of the Liberty Loan Organization for the Eighth Federal Reserve District, where the most enthusiastic reports are being received. For instance:

"St. Charles county, Mo., was positively astonished to learn that its quota in the Third Liberty Loan is only \$465,750," said H. H. Mace, di-

FRISCO WORK TRAINS IN CRASH AT GRANBY

Conductor Charles W. Salmon, of Sapulpa, Ok., Is Killed and Three Others Seriously Injured.

Charles W. Salmon, a Frisco conductor of Sapulpa, Ok., was killed and three persons, including J. F. Winn, of this city, bridge inspector, injured when two Frisco special work trains, Nos. 510 and 663, crashed into each other in a rear-end collision on a curve one mile east of Granby yesterday afternoon at 4:43 o'clock.

The others injured in the wreck are brakeman Paul Boyer, of Monett, who sustained serious injuries, and Conductor E. E. Johnson, of Monett, whose injuries are minor ones.

The two work trains, working under the same limit, No. 510 in charge of Charles W. Salmon, conductor, and Fletcher Ferguson, engineer, and No. 663 in charge of Elmer E. Johnson, conductor, were pushing flat cars ahead of the engines on the Frisco line between Granby and Ritchey, No. 510 moving slowly up grade, when No. 663 approached from the other direction, moving at about twenty miles per hour. The two trains met at a curve and the caboose on No. 510 was crushed as the other train was driven into it.

The telegram sent to the Frisco offices stated that all injured parties had been attended by a company physician and were resting quietly today.—Springfield Republican.

rektor of publicity in the county. "In the second loan our county bought \$643,850 worth of bonds. We had 1,110 subscribers.

"The county is so much better organized for the prosecution of the present loan that there is simply no comparison with the system in operation in the second loan."

BAPTISTS GO OVER THE TOP

Big Drive to Pay Off Deficit on the Church Building Successful—Dedication of Church April 14.

The members of the Baptist congregation have completed a big drive to secure funds sufficient to pay off the deficit on the church building in order to be able to dedicate it free from debt. They were successful in their efforts and at the final report they had \$200 over the required amount, which will be used in paying off another note.

On February 21, the pastor, Rev. W. A. Todd, in a banquet given to the Brotherhood of the church, launched the campaign to raise \$3,465.03, which was yet due on the building. The members co-operated with their pastor in the big effort and were successful in raising the amount within the time limit set.

The formal dedication of the building will take place on Sunday, April 14. Leading up to this event, there will be a week of special services beginning Saturday evening, April 6.

A large number of prominent speakers have promised to be present during the week, among them being Dr. O. L. Woods, district secretary of the Southwest Missouri Baptist Mission; Dr. A. P. Stone and Dr. F. Y. Campbell, representatives of the Foreign Missionary Board of the Southern Baptist Convention; Dr. S. M. Brown, editor of the Word and Way, of Kansas City; Dr. P. T. Harmon, of the Biblical Institute of the Southwest Baptist College, and Rev. Walter E. Tanner, of Springfield. The formal dedication ceremonies will take place on Sunday afternoon, April 14.

Mrs. John Peterson, of Verona, was shopping here Tuesday.

CITY ELECTS NEW COM- MISSIONERS AND MAYOR

Monett Enters Upon New Administration With S. A. Chapell as Mayor, Ora H. Hudson and E. W. Pfau, Commissioners.

The city election Tuesday was very spirited, the candidates and their supporters working from early to late. There was no special issue up, the main controversy being in the merits of the respective candidates and their probable action in making city appointments.

S. A. Chapell, who had no opposition at either the primary or election, received a large complimentary vote. O. H. Hudson led the commissioners, receiving 546 votes, with E. W. Pfau second with 409 votes.

W. J. Mills and Walter Perry ran well, but did not receive enough votes to elect. Mr. Mills has served one term and made a good officer in conducting the financial end of the city government. This is Mr. Perry's first campaign and he made a good showing.

The new officers will take their seats next Monday. Mr. Chapell appreciates the vote and the entire confidence of the people of Monett. He asks them not to expect the new administration to make radical changes. They wish to proceed deliberately, study the needs of the town and then act in all affairs for the greatest good to the greatest number, regardless of personal friendship or other interests. The affairs of the city are in good hands.

The retiring mayor, W. J. Fleming, has made an excellent record in the administration of the city affairs. Monett is progressive and the last two years has shown more substantial growth than for years before. Mr. Fleming was not a candidate for re-election. J. L. Basham, the other commissioner, did not seek re-election, but will retire next Monday. He had charge of the street and public improvements and made quite a creditable showing in improved streets and city lighting.

The outgoing officers also completed the work of providing adequate water facilities, started by their predecessors. Monett has three deep wells of never-failing pure water and a storage reservoir of a million gallons capacity, which solves the greatest problem the city ever had to face.

The new officials will take their seats assured of the co-operation of the citizens in making the town a bigger and greater Monett.

TURNER AND AMBER SCHOOL DIRECTORS

The vote for school directors Tuesday resulted in the election of Charles Turner and Joe Amber, both railroad men. Mr. Turner received the largest vote, which was 445. Amber was a close second with 404 votes. The other candidates were Harry A. Matthews and T. D. Pitts.

The levy of an additional 60 cents was voted by a substantial majority, though some predicted that it would be defeated because of a misunderstanding of the tax conditions. The 30 cents for the building fund also carried.
